1. Service Description

Rate band structure is a collection or categorization of SaskTel’s local serving areas, based on the determinants of loop length and subscriber density.

There are seven Band classifications. The following table describes them.

Band	Description
A	Downtown core areas of Regina and Saskatoon.
B	Remaining areas of the Regina and Saskatoon exchanges.
C	Exchange areas of Estevan, Moose Jaw, North Battleford, Prince Albert, Swift Current, Yorkton, and Weyburn.
D	Not Applicable to SaskTel.
E	Wire Centres with less than 1500 total Network Access Service (NAS).
F	Wire Centres with greater than 1500 total lines and less than 8000 total lines and where the average loop length is greater than 4 kilometres.
G	Wire Centres located north of the agricultural area of Saskatchewan as defined in SaskTel’s General Tariff-Basic Services on Extra Provisioning Charges.
